Now the rent we pay has been doubled
F G
All the time we are in the red

F G
Where have all the neighbours gone
C G
When the bulldozers came at our door
G C
and when the landlords' job is done
F G
No more housing for the poor

Refr. F C G
Sending debt collectors at our front door
C F G
Cops at our front door
F C G
Can't afford a home nomore
C F G
Gotta fight those thieves once more

tussenspel: C G F G

Homelessness is on the rise
They tell us immigrants are to blame
But they are only paying another price
scapegoats for the capitalist frame

Now there's high rise condo's for the rich
And office buildings to look down on us
Divide and concur is their pitch
As they force upon us more budget cuts

Refr. 2 x
